

Attention Teachers!

STUDY GROUPS MAKE ALL THE DIFFERENCE

We Tried - and Liked -

EXPLAINLEARNING.COM

**and want you to recommend it to
your classroom for:**

- more attentive students —
- better motivation —
- better class involvement —
- improved grades —
- teaching and tutoring kids do with each other —
- no other work requirement or cost for the teacher or school —

**It's FREE software, used after class, and runs on their laptops,
in person; and desktop computers, virtually at home.**

**Study Groups get kids talking it out, and figuring it out - on
their own. It's the proven method to get kids learning -
With no added help - they all learn once they get started!**

**Try it- suggest it to your classroom - and help kids start out
by bringing up how Study Groups get them ahead!
“Ask questions, and get them answered by your peers!”
Recommend, and promote: ExplainLearning.com today!**
