

# **The FREE catalyst to improving your social and academic life in order to boost grades NOW WE HAVE THE “Social-Academic Networking Club” with it's FREE Digital Study Group Software**

1. Form a Study Group in class (hand out fliers to others to join)
2. Read alone or together in the Library (for support and motivation)
3. Go home and Skype Study Group with FREE digital software [explainlearning.com](http://explainlearning.com) (think together doing your homework and class notes as one!)
4. Get a school-based Tutor IF you need one! (and, it integrates into the program)  
OR Self-Tutor with other groups that are already on the Site:  
Just Search, Chat, Join up, and Skype between groups!  
Then your group will never get stumped- ask another group how and share doc's and pic's!
5. Then, get together with other groups for fun (such as activities, athletics, dating, test prep, and BBQ's!)

**Why? = Social, and academic experience, together, improves  
your school daily outlook, motivation, health, and academic  
outcome- make a Study Group! It's All Free!**
